

## CAG Meeting – 3/13/14

Ana Baptista asks what happened to time line that Mathy promised to provide before CAG meeting. “Point against”.

EJ analysis/review on local disposal options (CAD or thermal decon) – only if proposed in Proposed Plan

- Using “EJ-View”
- Or if thermal plant is proposed, then would want more extensive risk analysis.

Ask SKEO to do economic analysis based on alternatives & disposal options.

- Estimate potential job numbers

CAG meetings during Proposed Plan public comment period?

- CAG would like to have a CAG meeting after 1<sup>st</sup> public meeting. Might move CAG meeting around public meeting schedule.

USACE 3 public meeting on flood control

- Not Responsive (and deliberative)
- CAG is concerned with coordination between USACE project and EPA proposed remedy (will it change the modeling?)
- Concern about flood tunnel
